

STATE OF HAWAII
DEPARTMENT OF EDUCATION
P.O. BOX 2360
HONOLULU, HAWAII 96804

OFFICE OF THE SUPERINTENDENT

May 16, 2019

TO: The Honorable Kenneth Uemura
Chairperson, Finance and Infrastructure Committee

FROM: Dr. Christina M. Kishimoto 
Superintendent

SUBJECT: **Update on the Department of Education's Biennium Capital Improvement Program ("CIP") Budget Request for Fiscal Years 2019-2021: Legislative Conference Decisions**

1. DESCRIPTION

The Legislature passed HB1259 SD1 CD1, which appropriates funds for the Statewide Capital Improvement Program (CIP) budget for Fiscal Years ("FY") 2019-2021. The total appropriation for the upcoming biennium is \$769,000,000, a significant increase from the 2018-2019 biennium budget. The Department of Education (DOE) appreciates this vote of confidence from the Hawaii State Legislature (Legislature) and will endeavor to execute the budget efficiently and responsibly.

2. UPDATE

This update will reflect the DOE's effort working with the Legislature on identifying and funding the critical projects of the DOE. Starting with the Board of Education (BOE) approved budget, which exhibited the true needs of the DOE, DOE staff frequently met with various Legislators to ensure all parties understood the importance of the CIP request.

These meetings also gave DOE staff the opportunity to update the Legislature on the Future Schools Now initiative. Updates were given regarding the new Job Order Contracting (JOC) procurement process and in-person training was provided to legislators and their staff on the use of the DOE's CIP Project Tracking system.

The appropriations support the critical needs identified by the DOE including Title IX compliance, pre-kindergarten classroom conversions, lump sum appropriations which allows some flexibility in executing projects, IT infrastructure, and a significant amount for repair and maintenance projects. Notable is the \$70,000,000 annually dedicated to the projects using JOC, a method allowing the DOE to contract several vendors through competitive bidding to perform commonly encountered repair projects at fixed prices over the life of a multiyear contract, rather than having to design and

bid individual repair jobs. Other appropriation highlights include funding several DOE priority projects: Mokapu Elementary (80 percent of this funding provided by Department of Defense), East Kapolei Middle, and Pohukaina Elementary.

Attachment A summarizes the department's request from the BOE approved budget to the Conference Draft of HB1259 SD1 CD1. Attachment B provides a detailed breakdown of all specific appropriations made through the BOE budget to HB1259 SD1 CD1.

The DOE appreciates the opportunity to provide this update and thanks the BOE, Legislature, and DOE staff for its continued support.
